Experience Arria Deepwater!

Face our fears, release our anger and resistance, find acceptance, question ourselves and listen for a deeper answer, feel gratitude, and relax into peace. This is the journey of Love. Each moment is a Threshold. Are you ready to cross over into something more?

In her early twenties, after weeks of intense pain and depression Arria had a moment of spiritual revelation. The result of this experience was a deep and certain knowing: There is an infinite power of Love within all of life. This power is bigger than any circumstance and stronger than any fear. It is available to all of us, all of the time ...if only we could learn to choose it.

Introducing author, Arria Deepwater...

ARRIA is an emerging power in the field of spiritual and personal transformation. For more than 10 years she has studied and worked with trainers, leaders, healers, and shaman from multiple disciplines. As a result she brings a wealth of information, wisdom, and clarity to the issues facing us today as individuals, companies, and communities. Using an integrated and holistic approach, she inspires and supports fulfillment in every aspect of life—spiritual, personal, inter-personal, physical and financial. Arria combines deep metaphysical roots and cutting-edge science from quantum physics and quantum biology with the practical application of a savvy success coach.

When you learn how to practise the art of choosing Love in Every moment, you'll discover how Thresholding allows all those who practice it to nurture...

- profound self-awareness and emotional intelligence;
- masterful self-direction and empowerment;
- effortless authenticity and focus,
- the freedom necessary to rise above criticism, judgment, and assumptions;
- the ability to make positive contributions to discussions, situations, and relationships;
- how to stay creative, resourceful, and optimistic—no matter what;
- the capacity to harmonize and heal your emotions faster than you ever thought possible—through honest attentive transformation, not magical “positive thinking” and denial;
- skills that bring deep spiritual mastery into everyday situations and serve as the foundation for the life of a modern mystic.

Arria Deepwater is one of the most sincere people I have ever met. This level of authenticity translates perfectly into her stage presence, as she shares thoughts, insights, and guidance with her captivated audience. It is a rare gift to successfully stand on a stage and connect with an audience as an MC and even more rare to connect as a teacher. Arria Deepwater, is one who has such a gift in both of these realms.

— Dr. Michael Mirdad, author of *You're Not Going Crazy ... You're Just Waking Up!*
