

*It's been said before but,
Love is all we need!*

**EVERYONE needs it. NO-ONE has enough of it...
And MOST OF US are confused about what it really is.**

- LOVE is a power that lives in ALL of us
- LOVE is endless hope, limitless inspiration, boundless creativity
- LOVE is not just a human emotion! It is a powerful and healing energy
– it is a choice!

The Love Threshold Group is launching a monumental global campaign that will bring Love into the hearts and minds of millions of people everyday! Love Notes™ is a daily dose of joy and optimism in an over-stressed world. It sends personalized messages of Love directly to your inbox.

Imagine, opening a special Love Note™ everyday, just for you! We at Love Threshold Group are encouraging everyone to share the Love by sharing Love Note™ with everyone they know! Why? Because Love is the essence of everything we do. Our mission is to deliver Love Notes™ to 250 000 people or more, by January 2011. Help us reach and surpass this goal.

Love is the answer
